Dear Ms. Tiur Simamora

In response to your letter dated July 7, 2015 regarding Prop 65 warning label, our explanation is as follows:

Recently we have been sued by a group of Lawyers for selling Licorice and Ginger Products that may contain lead without Proposition 65 warning labels.

The penalties for not complying with Proposition 65 are very steep. As a result of the steep penalties, we hastily decided to affix the Proposition 65 sticker out of an abundance of caution and upon our Attorney's recommendation on all products containing Ginger including your product, Tolak Angin, without consulting PT. Sido Muncul first.

At that time we did not realize that this could cause damage to your brand in Indonesia.

We would like to take this opportunity to extend our apologies for the harm that may be caused by our action which won't ever happen again.

In the meantime we have begun recalling your product with Proposition 65 labels from all markets and stop selling it in California until the case has been settled between our Attorney and California Deputy Attorney General.

Sincerely,

**Sunarto Ruski**

Vice President
